Participants will take the DISC personality assessment. Participants can use the results to gain insights to better understand themselves and others and how best to communicate and work with different personalities.

**Program is made possible through generous donations from the Elma Area Community Foundation, Howard County Community Foundation, Shop on State, MIEnergy and currently seeking additional sponsors.**

**Each participant is required to find a "\$100 sponsor." If the participant completes all five sessions the \$100 goes to the nonprofit or non profit cause/project that the participant chooses.
